Francis Jules Celeste Espartero

I am Francis Jules C. Espartero 22 years old. I have strong foundation in HTML5, CSS3, Javascript, JQuery, SASS, Bootstrap, PHP, MySQL and basic knowledge in ReactJS libraries for building user interfaces and .I am also skilled in developing and maintaining web applications including designing, integrating APIs, implementing database structures, testing and debugging code. I am thrill and excited to bring my Full Stack Development skills to new project and help bring them to successful completion.
